NMLS ID:201177

I work to provide friendly and professional mortgage services with great care. My experience analyzing complex credit, income and financial data help resolve problems that come up throughout the loan process. Continued communication and follow will help you stay informed and connected. I have detailed knowledge of FHA, conventional and first-time homebuyer programs.

I am a US Army veteran, married with three children, and an outdoor enthusiast. I enjoy golfing and camping. I believe the best compliment I can receive for my work, is a referral of a family member or friend. My goal is to provide you with quick loan closings and peace of mind.
